

# Expand Your Market

# Increase Your Sales

## Why Turn Business Away???

**International sales of used heavy equipment are growing and highly profitable**, but it can be a bit daunting for a company who is not experienced in international transactions. Even if you already sell to overseas buyers, are you losing money by not offering transportation arrangements? **Don't turn away anymore business, let us help you!**

**Customs Services & Solutions** has the **knowledge and experience** necessary to help make the international transportation process as smooth and cost-effective as possible. We may be able to help you find new markets for your equipment overseas as well.

- We are able to provide a wide range of services including preparing and loading machinery for export, ocean transportation services to most countries.
- We help you control the transportation process helping to make for satisfied buyers and repeat sales to those buyers.
- We have experience in the transport of heavy equipment and we have partners in most countries to assist your buyer as well...
- You can actually increase your profit margins by offering transportation services to your buyers.
- Many of your competitors are offering this service – don't lose sales because foreign buyers want the seller to arrange the transportation.

**Don't let fear of the unknown steal profits from your business, contact us today!**
